

HOW TO MEASURE FOR GLOVES

Circumference

Length

Measure around flat hand at the knuckles - don't include thumb. Then measure your hand length from the base of your palm to the end of middle finger. Use larger of the two measurements for your glove size.

	M (INCHES)	L (INCHES)	XL (INCHES)
CIRCUM	9.5	10	10.5
LENGTH	8.5	9	9.5
