

Televid HD 82

SPOTTING SCOPE

Leica's Televid HDs deliver the brightest, sharpest image with the widest magnification range, even in low light. Featuring a 3-lens achromatic system, High-Lux Pro optics, and 88% total light transmission, it ensures unmatched clarity and color fidelity. Waterproof to 5m and pressure-sealed, it includes an industry-first universal ARCA/Manfrotto mounting foot.

KEY FEATURES

- 88% Total Light Transmission, unequalled by any other manufacturer
- 20-60x eyepiece, 36 to 108x using optional 1.8x magnification extender
- Unequalled color neutrality & accuracy for the most natural and vivid colors
- Highest contrast, sharpness and glare reduction
- 5m Waterproof, fog-proof to over 18,000', unequalled in the industry
- ARCA-Swiss & Manfrotto ready

5M WATER-PROOF	+18,000 FOG-PROOF	86% LIGHT TRANSMISSION	FLUORIDE	FULLY MULTI-COATED

Tech Specs

TELEVID HD 82

Designation	Televid HD 82
Device Type	Spotting scope with eyepiece
Order no.	40155
Eyepiece/Magnification	Std. 3x zoom ratio, 20-60x
Exit pupil	4mm (20x) / 1.4mm (60x)
Close focus distance	12.8ft / 3.9m
20x Field of view at 1,000y/m	105ft / 35m
60x Field of view at 1,000y/m	60ft / 20m
Subjective angle of view	37deg(20x) to 65deg(60x)
Objective lens	82mm, 3 element, achromatic
Focusing	Patented, internal dual focusing
Lens Coatings	HDC™ Multi-coating, High-Lux-Pro (HLP™), AquaDura® coating
Prism system	Schmidt prism system
Waterproof	16.5ft / 5m
Housing	Die-cast magnesium, nitrogen-filled
Eyepiece connection	Rapid-change bayonet
Mount compatibility	ARCA-Swiss, Manfrotto 200PL
Lens hood	Sliding lens hood
Filter thread mount	E82
Length	14.96in. / 380mm
Weight	66.2oz / 1875g
Designation	Product

ALTERNATE EYEPIECE

25-50X WW ASPH

Our new 25-50x WW. ASPH. is an update of Leica's industry-leading wide angle, aspherical eyepiece (WW.ASPH.). It was the first eyepiece in the industry to combine Leica's legendary optical performance with the widest field of view on the market, and the best edge to edge clarity ever seen. This new eyepiece continues the tradition, and is backwards compatible with older APO Televid 65mm and 82mm bodies and works on all new Televid APOs and Televid HDs.

INCLUDED IN THE KIT

Televid HD 82mm scope body & 20-60x eyepiece, front & rear caps
