

Things looking a little different around here?

In our mission to create the best load carrying equipment in the world, we’ve set out to achieve the best fitting, most comfortable pack harnessing systems possible. Over the last few years, we’ve spent countless hours measuring and fitting hundreds of different body types and logging the results to better understand how our customized fit interfaces with all different body types. The result has been a new sizing configuration that fits just about every human out there and unifies MYSTERY RANCH pack sizing across the board.

For more information, see [here](#).

Getting Your Size

The key to a comfortable pack load is the properly fitting backpack. We've designed a more custom fit into our packs with simple sizing based off two measurements. To find the appropriate size waist and yoke for your pack, collect the following two measurements, then reference the sizing chart below.

1

Waist Circumference

Measure around your waist just above the top of your hip bones (roughly two fingers below your belly button).

2

Torso

Use a tailors tape measure or string and have a friend measure between the bony bump at the base of your neck (C7 vertebra) to the spot on your spine that is just behind your belly button.

Men's/Unisex Sizing							
S		M		L		XL	
Torso	Waist	Torso	Waist	Torso	Waist	Torso	Waist
S/M 15 - 20 in 38 - 51 cm	XS/S 26 - 32 in 66 - 81 cm	S/M 15 - 20 in 38 - 51 cm	S/M 31 - 36 in 79 - 92 cm	L/XL 17 - 24 in 43 - 61 cm	M/L 35 - 40 in 89 - 102 cm	L/XL 17 - 24 in 43 - 61 cm	L/XL 39+ in 100+ cm

PLEASE NOTE: The sizing depicted above is specific to the sizes available for this item and does not reflect all available sizes for all items. To view all available MYSTERY RANCH sizing options, see [here](#).

In Between Sizes?

If you are between sizes on the waist belt, we recommend you size down. If you are between sizes on the yoke or if your measurements fall outside standard sizing, please contact Customer Service at 1.833.548.1999. Purchasing packs outside of standard sizing is possible through our Custom Sizing Program. There is typically an additional cost associated with this purchase.
