RNV-31S

QUICK START GUIDE

01 BATTERY INSTALLATION

- ▶ RNV-31S is powered by one replaceable CR123A battery. Rotate the battery compartment cover until it is unscrewed. Install the battery into the compartment, with the positive pole (+) inward and the negative pole (-) outward, as indicated by the symbols outside the battery compartment. After inserting the battery, tighten the battery compartment cover.

02 COMPONENTS AND CONTROLS
